Having extra washing power, the GS-40T is ideal for glassware and also for washing cups, saucers and light lunch plates.

The GS-40T compact barwasher is the perfect solution for coffee shops, lunch rooms, tea houses, bars and offices.

Featuring a built in timed drain pump, the machine can be installed in situations where the actual waste connection is above the machine outlet point (max 500mm). The timed drain pump can be adjusted to suit varying conditions and the machine can be installed above or under counter.

This machine takes a 400 x 400mm rack or can be adapted to accommodate standard 17" x 14" bar racks.
